# MCINTOSH

# MANURE SPREADER

7.5 - 13.5M<sup>3</sup>

Count on McIntosh for Manure Spreaders that deliver consistent, even spreading and the flexibility to meet your on-farm demands.

Available in 7.5, 10.8, and 13.5 m<sup>3</sup> capacities, McIntosh Manure Spreaders are engineered for precision and versatility. Each model is designed to evenly distribute a wide range of materials with consistent results, ensuring efficient use of nutrients and time.

Built tough with 16mm, (32tonne breaking strain) floor chains, along with McIntosh's automatic floor chain tensioner, these machines are made to perform under pressure. Our robust back door design features double sealing rubbers. No floor guide holes means no loss of product, especially liquid-based waste, where other machines may leak due to unnecessary openings. Dual vertical augers deliver up to 16 metres of spreading coverage, ensuring a thorough, uniform distribution every time. Strong. Reliable. Proven. Choose McIntosh for a manure spreader that works as hard as you do.

## STANDARD FEATURES

**Auto floor chain tensioner with grease gun and holder**

**Galvanised cover**

**Bolt-on reversible auger tips**

**Heavy-duty German one-piece gearbox**

## OPTIONAL EXTRAS

- Brakes front wheel (7.5 model)
- Brakes, 4 wheels contractor specification
- Tyre size options
- Brakes, 4 wheels with balancing valve
- Single axle (7.5 model)
- Rear flashing light kit
- Electric floor speed control (7.5 model)

## SPECIFICATIONS

**Silage, hay and manure**

**Wet manure**

**Dry manure**

# WHY MCINTOSH?

At McIntosh Farm Machinery, we take pride in delivering robust, high-quality equipment designed to withstand the toughest farming conditions for New Zealand and Australian farmers.

## 75+ Years of Expertise

A family owned and operated business with decades of experience in designing and manufacturing innovative farming solutions.

## Tailored Solutions

Customisable machinery designed to meet your farm's specific needs, maximising efficiency and performance.

## Unmatched Durability

Built with premium materials and precision engineering to ensure long-lasting performance in New Zealand's harsh conditions.

## Reliable Support

Backed by dedicated after-sales service and expert advice to keep your equipment running smoothly.
